## CAPABILITY STATEMENT

Enviro Services Group, Liquid Waste Sydney – is a family owned and operated 24 hour Liquid Waste disposal company in Sydney who specialise in liquid waste removal founded on the extensive experience of its Owner and Director, Eddy Hawach.

He has been in the Liquid Waste industry in Sydney for over 15 years and has built his company on ensuring the highest quality of care is taken to ensure customer satisfaction without any impact on the surrounding environment.

Enviro Services Group – Liquid Waste Sydney – provides professional, high quality service but with the friendliness and personal follow-through of an Australian owned family-run company to all its clients, whether a multi-million dollar commercial project, or a one-off domestic septic tank or grease trap pump-out. We look forward to the opportunity to assist you with our septic tank cleaning, grease trap cleaning and all other liquid waste removal services in Sydney.
